

HEIN & HAUGAARD UFO WALL MOUNTED

BIO-40-021

This UFO wall-mounted bioethanol fireplace by Hein & Haugaard features a unique industrial design. Handcrafted in North Denmark, each model is distinct. The fireplace burns up to 6 hours on a bioethanol fill and requires no electricity or chimney. The included wall bracket allows for easy installation, and it can be adorned with ceramic elements for a more authentic look. Available in various steel colours, the fireplace may develop a beautiful patina over time due to the heat exposure.
