

BLACK HEAT-POWERED STOVE FAN - 6 BLADES | STEEL

BIO418

Maximise heat efficiency with this 6-blade heat-powered fan. Designed for wood stoves and bioethanol fireplaces, it provides superior air circulation. The fan starts at 50°C and operates silently ( $\leq 25$  dB) within a range of 80-250°C, distributing warmth more evenly. No electricity or batteries required—simply place it on your stove and enjoy improved heat flow. Handle with care as it gets hot during use.

TECHNICAL SPECIFICATIONS
