

## NASHVILLE - BLACK FREESTANDING BIOETHANOL STOVE

BIO-20-327

Nashville is a medium-sized, freestanding bioethanol fireplace designed to resemble a classic wood-burning stove by ScandiFlames. Crafted from powder-coated steel with a sleek black finish, its size makes it an ideal fit inside a traditional fireplace hearth or fireplace surrounds where the flue has been closed off. The fireplace features a 1.5-litre burner, providing up to 6 hours of burn time per filling, and a maximum heat output of approximately 2 kW. This output is typically sufficient to create a comfortable temperature in rooms measuring 20-30 square meters.

### TECHNICAL SPECIFICATIONS

#### Key Specifications

Product type	Bioethanol Stove
Brand	ScandiFlames
Use	Indoor
Warranty	2 years

#### Dimensions & Weight

Length/Width	55 cm
Height	70 cm
Depth	37 cm

#### Technical Specifications

Minimum room size	45 cubic metres
Fuel	Bioethanol
Burning time up to	6 hours
Capacity	1.5 Litres
Heat output (max)	2 kW
Consumption	0.25 L/h

#### Burner Specifications

Burner Type	Manual Burner
Adjustable flame	Yes
Control	Manual
Burner Model	1.5 Litre Deluxe
Flame length	18 cm
Remote control	No

#### Material and Appearance

Material	Steel
Colour	Black
Finish	Powdercoated

#### Installation Details

Flue/Chimney	Not Required
Power Requirements	No
